Booths Tables Carts

Answers are in our nature.®

Thank you for considering BioFit Engineered Products as your booth, mobile folding table and cart solutions source. We encourage you to refer to the following company background and order placement instructions to help you learn more about us and make your purchasing process efficient and enjoyable.

Our Promise:

- Design Innovation
- Quality Products
- Manufacturing Excellence
- Customer Satisfaction

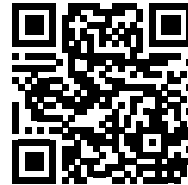

Why Buy BioFit?

Globally recognized corporate brand leaders, major hospitals, universities and small businesses alike turn to BioFit for innovative, high performance ergonomic seating, tables and accessories. We offer:

- Now celebrating our 80th year of improving learning and work spaces
- Award-winning table and seating solutions for education, office, healthcare, technology, laboratory, industrial and custom applications
- Furnishings designed and engineered with user comfort, health and well-being in mind
- Durable products built for 24/7, long-term use
- A 13-year warranty on all tables and nearly every other product
- Value-added services, including onsite sample and quick-ship rush seating programs
- A personable, highly experienced customer support team – ensuring you get what you need

13-Year Warranty

BioFit booths, tables and carts are warranted to the original purchaser against mechanical or structural failure due to defective material or workmanship for 13 years of normal use. Scan this QR code for full details.

GREENGUARD GOLD Certified

BioFit has achieved GREENGUARD GOLD Certification for our full line of tables. This rating for low chemical emissions helps to validate our efforts to promote the well-being of our customers and the environment.

Innovations that are Reshaping the Learning Dynamic

From our award-winning FBT™ Series of Fold & Roll Booths and the unique, non-traditional table top profiles of our EdgeScape™ mobile folding table line, to the exclusive adjustable torsion cap table lift-assist component, BioFit is reshaping the thinking and expectations of decision makers in today's top learning institutions.

Ergonomic Seating Solutions to Outfit Your Facility

We offer a comprehensive line of ergonomic chairs, stools and specialty products to meet the needs of a variety of work and learning environments. And, if you need chairs fast, take advantage of the BioFit quick-ship program. With our next-day ship (NDS) and 2-day ship (2DS) options, you can order limited quantities of models from our most popular series and your order will ship within one (NDS) or two (2DS) business days, pending credit approval.

Table and Booth Order Placement Instructions & Shipping Information

How to order

1. Give quantity, catalog number and any accessories for each item ordered.
2. Give table top color. Call us at 1-800-597-0246 about custom branding or logo imprinting.
3. Give frame color: Chrome or choice of powder coat finish.
4. Give seat color.
5. Give complete bill-to and ship-to addresses.

Return Goods

BioFit tables are manufactured on an as-ordered basis. Only our most standard tables, in our most standard colors, will be accepted for return unless we made a manufacturing error. Product cannot be returned without prior written approval by BioFit headquarters. Please call us at 1-800-597-0246 for a return authorization number if your order meets our return criteria.

To be considered for return, standard products must meet the following conditions:

- Return must be requested no more than 15 days after receipt of goods.
- Tables must be new and unused.
- Product must be protected for shipment with adequate packaging to protect it for the entire shipment, and shipped pre-paid.

Even in cases of standard product, returns will be subject to the following:

- A rehandling charge may apply.
- Original freight charges to the destination and return freight back to BioFit.
- 100% of the product cost in the event of return shipping damage caused by inadequate packaging or carrier mishandling.

Non-standard products will not be accepted for return, including special color laminates, paint, edging, or plastic parts.

Changes and Cancellations

Once entered in our system, orders may not be changed, cancelled or delayed without BioFit's consent. This will be determined depending on the stage of production and BioFit must be indemnified from loss. Thus the buyer will be responsible for material, labor or storage costs of changed, cancelled or delayed shipments. Once the merchandise has been shipped the buyer is obligated to accept delivery from the carrier.

Freight Classifications

Contact BioFit's Customer Service Department for freight quotation and classifications.

Routing

We will use our best judgement based upon available common carriers and our global shipping experience; however, we will make every effort to meet your shipping instructions.

Freight Rates

BioFit will work with you to determine freight costs. However, because of circumstances beyond our control, any quoted freight rates must be considered approximate guidelines only. If fixed costs are required, please ask us to quote you F.O.B. Delivered, etc .

Prices

Prices are F.O.B. BioFit factory, Bowling Green, Ohio, 43402.

Title of Merchandise

Title to merchandise passes on to buyer upon delivery by BioFit to the carrier. Responsibility of BioFit ceases when carrier issues its receipt to us. If the goods are damaged by the carrier while in transit, the buyer has the sole obligation of seeking appropriate recourse against the carrier.

Sales Policy

Possession of this price list does not necessarily suggest an offer to sell.

Minimum Order

BioFit does not have a minimum order.

Cafeteria Table Skidding & Skid Charges

Prices do not include skidding charges. All shipments are subject to skidding requirements determined by our Shipping Department. Note: Truckload/LTL shipments, a mixture of skidded and non-skidded tables may be applicable. *Note: All LTL shipments must be palletized.

Please clarify skidding requirements and pricing with BioFit's Customer Service Department before quoting your customer.

The FBT™ Series

Unfolding the Transformation of Educational Environments

Effective student engagement is as vital as ever – and constantly evolving. Whether emphasizing a teachable moment during a distance learning session or offering a unique lunch experience – traditional collaborative furnishings are not the best choice for today's group settings. That's why we created the FBT Series of fold & roll booths.

- Series includes seven customizable models to deliver a multitude of interior design alternatives
- Designs include units with onboard power and charging station and monitor mount to facilitate digital teaching aids and distance learning
- Easily deploy, fold and move to instantly redefine space requirements; tightly nests to maximize storage space (just 15 linear feet accommodates 10 units)
- ADA-compliant configuration available
- FBT series booths are patented and made in the USA

Tables, partitions and leaves of applicable units constructed of 3/4" MDF, frame-mounted with aircraft rivets

Mounting bracket on applicable models supports monitors up to the 32" to facilitate remote or hybrid learning and digital training aids

Models with onboard power and charging station include two grounded AC outlets, one USB Type-A and one USB Type-C port, as well as cable management hook

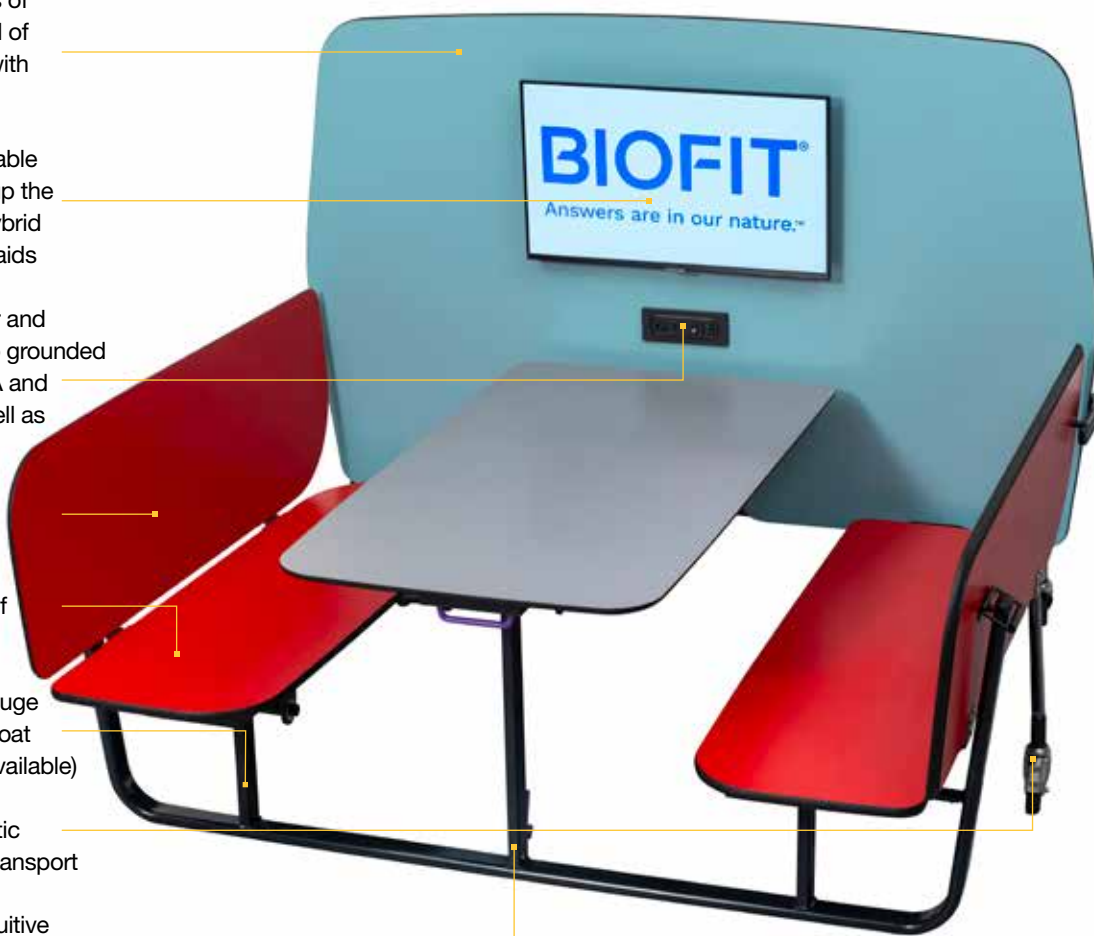

Seat backs constructed of 3/4" MDF

Seat bottoms constructed of 3/4" MDF

Frame constructed of 11-gauge steel, with rugged powder coat finish (black or black-gray available)

Industrial-grade thermoplastic rubber casters for smooth transport

Pneumatic lift-assist and intuitive catch and release handle help promote safe deployment and folding

Model shown: FBT-H-EL-VD
Monitor shown for demonstration purposes only and is not included.

Deployment, foldability, transport and storage are simple.

Regardless of configuration, models tightly nest (Just 15 linear feet accommodates 10 FBT units).

Seamlessly position multiple units for learning or dining applications.

WARNING: This product can expose you to chemicals including wood dust, which is known to the State of California to cause cancer. For more information go to www.P65Warnings.ca.gov.

The FBT Series of Fold & Roll Booths is BIFMA compliant – the commercial furniture industry's registry of standards-conforming products.
Meets ANSI/BIFMA X5.4-2020(R2025) and ANSI/BIFMA X5.5-2021

BioFit Table Features

Recessed Vertical Hinge: Many of BioFit’s tables have an automatic locking mechanism which ensures your table stays closed and stable when in the folded position. Please note that this locking mechanism is not on the AdapTable, Fold-N-Roll, or 10-Seat Oval tables. Torsion bar assist is utilized on large table models that allow for easy folding by one person. The one-inch safety gap between top halves (excluding the AdapTable) prevents trapped food and bacteria, plus offers protection against pinched fingers.

Adjustable Torsion Cap: BioFit’s proprietary adjustable torsion capability enables users to reset the torque level of the lift-assist device on affixed-seating tables to the original factory specifications. This can facilitate safer and easier folding and unfolding and allow organizations to save money by prolonging the useful life of the table.

14-Gauge Steel Frame: One-piece, robotically welded for uniform strength.

Wheels: Non-marring, industrial grade neoprene wheels ensure smooth, easy handling.

Exclusive ComfortRim™ Edge Profile: Gentle on forearms, enhancing user comfort.

Food- and Bacteria-resistant Edges: Tough, protective coating surrounds the edges of table tops and bench seats.

(21) FBT booths, (3) Afton tables with affixed stool seats, (5) 10-Seat Oval tables with affixed stool seats, and (6) AdapTable convertible bench tables combine to provide seating for 230 users.

The Afton™

Design that flows as easily as the conversation.

The uniquely curvaceous shape of the Afton is inspired by the river in Scotland, and its design will inspire you as well. The table's ebb and flow facilitates interaction, making it ideal for cafeterias, food courts, breakrooms, meeting areas and more.

- Available in 10- and 12-foot lengths and two heights
- GREENGUARD GOLD certified and UL listed
- Featuring durable, ergonomic 13" round ABS seats
- ADA-compliant model available

10-Seat Oval

Seat 20% more students in the same space.

The design of BioFit's patented 10-Seat Oval Table reduces noise, aids communication and improves space utilization. Its attached seating and easy folding bring function and mobility to cafeterias, training settings and more.

- Attached seating with 13" round ergonomically shaped ABS seats
- Also available in 6- and 8-seat ADA-compliant configurations
- Low center of gravity when folded ensures stability
- Six casters create wide wheelbase, making it sturdier than other tables on the market
- GREENGUARD GOLD certified and UL listed

Presenting BioFit Carts and Book Trucks

BioFit offers a diverse, comprehensive line of specialty and multipurpose carts and book trucks to transport and store work gear, learning resources and media in schools, libraries, offices, factories and more.

- 13 models, each with different dimensions, shelf styles and configurations to meet unique needs
- Lightweight, highly maneuverable and built to last
- All-welded steel construction – tested and proven in harsh industrial settings
- Weight capacities up to 500 lbs.
- 13-year warranty

Available Colors

Durable powder-coat finish in 6 standard colors, with custom colors available.

Today’s schools call for specialized solutions – that’s why we created the STEAM and JAMES carts.

Science. Technology. Engineering. Art. Math. Cart.

This versatile mobile learning platform was created to shuttle resources between classrooms or act as a standalone multipurpose activity center. Its rugged, kid-friendly construction, 500-lb. capacity and flexibility make the BioFit STEAM cart a popular solution for today’s most progressive learning environments and maker spaces alike.

Features & Benefits

BioFit STEAM and JAMES Cart highlights include:

- Two, large 4” deep trays provide plenty of space and keep gear secured during transport
- Twin steel side-panel pegboards for holding tools, supplies and more
- Nimble, smooth and ready to roll, with a compact profile ideal for confined spaces
- Overall size:
34 5/8”H x 28”W x 17”D

Janitorial. Assembly. Manufacturing. Engineering. Sanitation. Cart.

Created to caddy tools, equipment and supplies in multishift operations, the JAMES cart sports industrial-rated casters and a 500-lb. capacity. It was developed as a mobile assistant for today’s workers and workspaces – and is always at your service!

Model ST-20 STEAM carts. Equipment shown not included.

Model JA-20 JAMES carts. Equipment shown not included.

Model	Description & Dimensions H x W x D
ST20	Two 4” deep trays, side panel pegboards
JA20	34.625" x 28" x 17"

Multipurpose Carts and Book Trucks

BioFit Multipurpose Carts and Book Trucks deliver in-demand flexibility for users in ever-evolving workplaces and dynamic training environments. Keep equipment, media and other resources needed now close by, and quickly and effortlessly stow it away or move on to the next task at hand.

Multipurpose Cart and Book Truck features include:

- Rugged 16-gauge, 1-inch diameter tubular steel frame construction
- 500-lb. weight capacity
- Non-marring rubber wheels on ball-bearing casters for smooth operation
- Sizes and configurations available to meet most user requirements

How to Order Carts:

1. Give quantity and catalog number for each item ordered.
2. Give powder coat color selection.
3. Give complete bill to and ship to addresses.

Changes and Cancellations

Once entered in our system orders may not be changed, cancelled or delayed without BioFit's consent. This will be determined depending on the stage of production and BioFit must be indemnified from loss. Thus the buyer will be responsible for material, labor or storage costs of changed, cancelled or delayed shipments. Once the merchandise has been shipped the buyer is obligated to accept delivery from the carrier.

Return Goods

BioFit reserves the right to refuse return of any merchandise unless it is determined to be BioFit's responsibility. Any merchandise accepted for return must have prior written authorization and may be subject to a restocking charge and freight.

Freight Classifications

Carts, NMFC 188950, Sub 1, Class 250.

Routing

We will use our best judgment based upon available common carriers and our global shipping experience; however, we will make every effort to meet your shipping instructions.

Freight Rates

BioFit will work with you to determine freight costs. However, because of circumstances beyond our control, any quoted freight rates must be considered approximate guidelines only. If fixed costs are required, please ask us to quote you F.O.B. Delivered, C&F, or C.I.F. prices.

Prices

Prices are F.O.B. BioFit factory, Bowling Green, Ohio 43402.

Title of Merchandise

Title of merchandise passes on to buyer upon delivery by BioFit to the carrier. Responsibility of BioFit ceases when carrier issues its receipt to us. If the goods are damaged by the carrier while in transit, the buyer has the sole obligation of seeking appropriate recourse against the carrier.

Sales Policy

Possession of this price list does not necessarily suggest an offer to sell.

Warranty

BioFit furniture products are warranted against mechanical or structural failure due to defective material, workmanship, or abnormal wear for 13 years of normal use. BioFit reserves the right to recondition or replace any units covered by this warranty. Freight and any other consequential damages are not covered. All return shipments require written authorization and must be freight prepaid unless otherwise approved in writing. BioFit takes its warranty, repair and maintenance responsibilities very seriously. Efforts by unqualified personnel to perform repairs on BioFit products can result in dangerous conditions which can lead to serious bodily injury. Any attempt to modify, alter or make unauthorized repairs to BioFit products may not only seriously jeopardize the safety of the user, but will void this warranty in every respect.

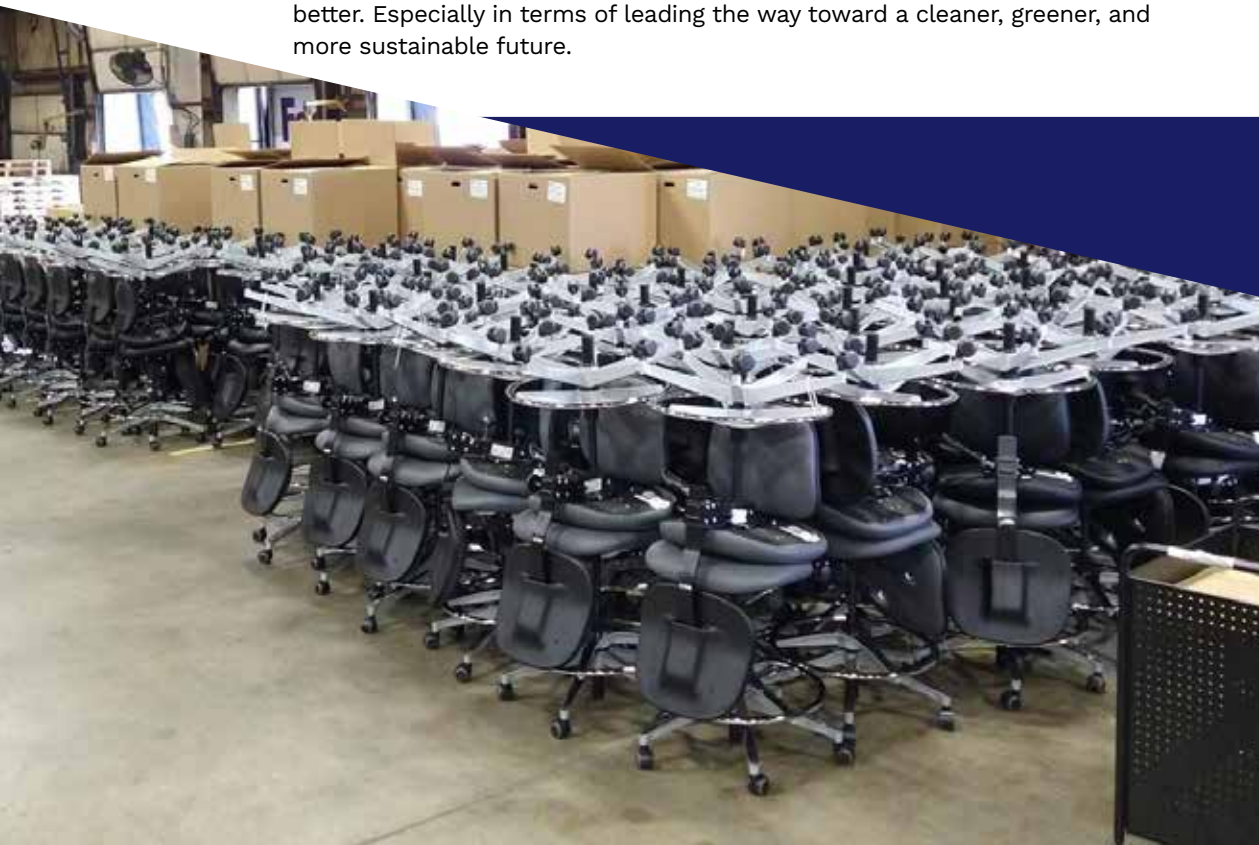

Doing the right thing is everything.

While a lot goes into every product BioFit makes, what's equally important is what doesn't. Energy from fossil fuels for one. And while that doesn't have much of an effect on the quality of what we do, it has a tremendously positive impact on our environment, our global community, and our people. Doing what we can to sensibly limit what we leave behind now is how we're working together to move ahead.

- The only technical ergonomic seating manufacturer to power its operations with 100% wind-driven, renewable energy, earning recognition as a Green Power Partner from the US EPA.
- Voluntarily submit products manufactured for sustainability testing. All BioFit ergonomic seating is rated LEED® compliant for use in commercial interiors, and tables are GREENGUARD® Gold certified for indoor air quality standards.
- Offers blanket-wrapped product shipping, providing the same degree of protection as traditionally packaged goods while eliminating cardboard from the equation and, saving end users time, installation costs and more.

These practices and our other environmental-focused initiatives don't necessarily make a better chair or table, but they do make our chairs and tables better. Especially in terms of leading the way toward a cleaner, greener, and more sustainable future.

Answers are in our nature.®

At BioFit, that's more than a tagline – it's our focus as we constantly strive to improve the workplace experience through furnishing solutions featuring ergonomic performance, style and reliability. We've been an innovator for the past 80 years, solving challenges for industrial and scientific environments, and subsequently supplying the education, office, defense, automotive and textile markets. With a global network of over 600 independent distributors, we continue to proudly serve these industries today, as well as leaders in the healthcare and technology fields.
